

Every Workplace product is designed, fabricated, painted, and shipped from our factory in Londonderry, New Hampshire, USA.

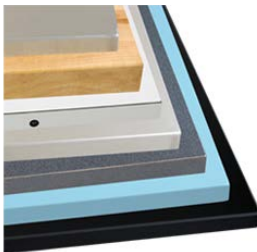

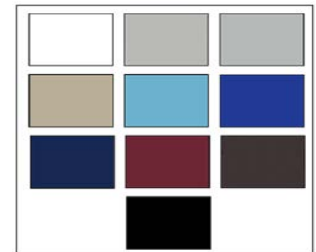

Workplace customers can depend on a complete product solution every step of the way with a dedicated Workplace Design Specialist—from initial call through configuration, quoting, purchase, shipment, installation, and life-of-the-product service.

## Workplace Value-Added Services

- Engineered drawings of your configurations and/or room layouts will be provided at no charge with every quotation.

- Choose from 10 standard colors, or choose available additional colors and color-matching at an additional charge.

- Eight different worksurface materials in a variety of color options satisfy virtually every task requirement.

- Specialized packaging ensures your order arrives undamaged at your site.

- Choose available Factory Assembly or Assembly and Installation at your site using a Workplace-certified professional installer.

- Workplace supports its products for as long as you own them. Need to add an accessory or maybe just a set of keys for drawer locks? Just contact Workplace by phone or email.
